

CULTIVATING CONNECTIONS

ALBERTA REGIONAL FOOD SYSTEMS

FORUM 2017

February 3rd - 5th, 2017
 Northlands Expo Centre, Edmonton, Alberta

Regional food systems are growing

from support for local producers to abundant community gardens, healthy school food, major retailers putting local food on their shelves and innovations in food system research, technology and policy development.

Cultivating Connections will energize Alberta's regional food systems by gathering people from different groups to identify tangible opportunities to collaborate and inspire initiatives for vibrant regional food systems with improved access for all.
